The financial conditions of the Bhadravati Town Municipality for the year 1962-63 is as follows —

Total	161,164
Expenditure —	122,498

17 In connection with the Compost Scheme in Bhadravathi during the year, the following amounts of expenditure & income were received & returned —

	Expenditure	Income
	Rs	Rs
1945-46 —	Rs 489/-	264
1946-47 —	Rs 576/-	292 + 202 Rs from Horticulture Dept

18 An annual income of Rs 600/- is stated to be derived for 300 tons of compost. But this target figure has never been reached at all. The scheme has been working at a loss.

19 The establishment is however being continued on a temporary basis. Sometimes is required for the following arrangement now —

(1) Employment of two sweepers at Rs 1/- each per day as against Rs 1/24

(2) Continuance of two sweepers on Rs 16-1/2-20 except for 1 yr from 1945 to 1946

(3) Employment of one sweeper permanently from 1946 in grade 16-1/2-20

A — 20 | Since the scheme has been continued on a temporary basis for 1945-46 up to 1946, the proposals at (1) & (2) above may be approved

21) In regard to the continuance of the service of one sweeper on Rs 16-1/2-20 on a permanent basis, it might be noted that nowhere in the State has the scheme been placed on a permanent footing so far. It is still on an experimental stage and unless it is of at least a self-supporting, if not a paying proposition as an item of municipal trading, it would serve no purpose to make a

This part of the proposal need not be sanctioned further as would hardly be of any practical value & no comparable manufactured employing the services of one sweeper - especially as only Turn Like Machine Anyhow the services of the sweeper may be extended further when a temporary basis upto end of July by employing Rs 16 Tr — 20 p.m. + one

Report

To The Deputy Commissioner
Shimoga District

Dated 2/6/48

Subject: Note on the audit of accounts of the Bhadravati town municipality for the year 1945-46 re additional establishment for compost scheme.

Sir,

With reference to your letter No. H3 C 64-47-48 dated 15-4-48 on the above subject I am directed to enquire why sanction of Govt was not obtained to the expenditure incurred during the years for 1945-46, and 46-47 and who is responsible for the same and why it should not be surcharged, as per Standing orders. It is observed that this is not the first time that the municipal council has been incurring such unauthorised expenditure against the rules. The expenditure incurred under the Compost Scheme is more than the income for the last two years, and as such it is not clear how the expenditure can be sanctioned when.

NS

It is working on a self supporting basis
much less, could it be
and how could it be more permanent
also
The Scheme helps still in an
experimental stage It is to be watched
of the staff employed on its behalf is placed on a
permanent basis in any other self supporting municipality
It is further seen that
Bhadravati is a taluk (town head quarters)
and in such municipalities, the basic scale
of pay of sweepers can be only what is
allowed in the general orders of Govt
Rs 13 Rs 14- 1/2 = 18 and not Rs 16 - 1/2 - 20
and the municipal council should adopt
the scales allowed in the other municipalities
We definite view of the matter with above
facts may be Named & forwarded for the
orders of Govt.

Sir,

Subject - Note on the audit of accounts of Bhadravati Town Municipality for the year 1945-46 re additional establishment for compost scheme

---

With reference to your letter No I 3 C 64/47-48 dated 15th April 1948 on the above subject, I am directed to enquire why sanction of Government was not obtained to the expenditure incurred during the years 1945-46 and 1946-47 and who is responsible for the same, and why it should not be surcharged as per standing orders? It is observed that this is not the first time that the Municipal Council has been incurring such unauthorised expenditure which is against the rules

The expenditure incurred under the Compost Scheme is more than the income for the last two years and as such it is not clear how the expenditure can be sanctioned when it is not working on a self supporting basis and much less, how it could be made permanent The scheme itself is also in an experimental stage It may also be stated if the staff employed in this behalf is placed on a permanent basis in any other Municipality in your District

It is further seen that Bhadravati is a taluk (town head quarter) and in such Municipalities, the basic scale of pay of sweepers can be only what is allowed in the general orders of Government viz , R 14-½-18 and not R 16-½-20 The Municipal Council should adopt the scales allowed in the other Municipalities The definite opinion of the Municipal Council on the above points may be obtained and forwarded for the orders of Government.

Subject:- Note on the audit of accounts of the Panchayat Town Municipality for the year 1945-46 in regard to the Provincial Establishment and the contract Scheme

---

With reference to your letter No L 17237 dated 2-6-48 calling for further particulars on the above subject I have to state that the President Shri V the Town Municipality has furnished as follows in his letter No C 368/46-47 dated 3-9-48 enclosed herewith

1 The delay in settling the recurring question in 1945 is due to frequent changes in the establishment staff hence the claim could be finalised

2 The Municipality is alive to its duty to effect one of the night-soil service out of existing funds but the sanitary inspector has been taken to curtail the recurring expenditure by reduction the staff As a temporary measure one menial was appointed from 1st July 1948 as a night soil two hands are employed

3 The non-recruitment of sweepers against the vacancies due to the fact that Shri Ramaswami Mudaliar the sanitary inspector is consequently his establishment has been reduced by one sweeping Mohammadan and one Scavenger out of the Harijan employees

As regards the observations to how the staff could be allowed to be temporarily employed when the Scheme stands in abeyance and also whether the services could be dispensed with in another municipality I have to state that the staff is not employed on any permanent basis in any municipality but is liable to be retrenched at the outset with the introduction of the scheme in all the municipalities of the district in the interest of the Sanitation of the Town it is necessary that the services be maintained permanently in places where it is found in satisfactorily So far as Bhavani is concerned the Municipal Council is of opinion that it will be quite successful

Under the above circumstances I request of obtain sanction of Government on the following special case

1) Sanction of two Sweepers one @ 12/- each in 1975-76 and up to 31-12-76

2) Two Sweepers (Scavengers) on 16/- with usual seniority allowance w.e.f. 1-1-77 to 9-7-1978

3) One sweeper (Scavenger) from 10-7-78 in scale 10-½-20
